

RetailCo: Executive Data Analysis Report

1. Executive Summary

This report summarizes the performance analysis of RetailCo based on historical order data. The analysis highlights key trends in revenue, customer behavior, and delivery logistics, providing actionable insights for business optimization.

2. Key Performance Indicators (KPIs)

- **Total Orders:** 99K
- **Total Revenue:** 13.5M
- **Total Customers:** 96K
- **Average Review Score:** 4.09

3. Revenue & Sales Trends

- **Annual Growth:** Revenue shows a steady upward trend from 2016 to 2018.
- **Monthly Seasonality:** Revenue peaks mid-year, with a noticeable dip observed in September.
- **Geographic Concentration:** Sao Paulo, Rio de Janeiro, and Belo Horizonte are the top-performing cities in terms of revenue.

4. Customer Behavior

- **Segmentation:** The customer base is highly dominated by "Loyal" customers, with a smaller segment identified as "VIP".
- **Retention:** Tailored engagement strategies for top revenue-generating customers are recommended to maximize customer lifetime value.

5. Delivery Logistics & Customer Satisfaction

- **Delivery Impact:** There is a clear correlation between delivery speed and customer satisfaction. "Fast" delivery bands consistently achieve higher review scores compared to "Slow" delivery bands.

- **Average Delivery Time:** The average delivery time is 12.50 days.
- **Satisfaction Sentiment:** Approximately 77.09% of reviews are positive, indicating a strong baseline, while negative reviews are often linked to delivery delays.

6. Business Recommendations

1. **Optimize Logistics:** Focus on reducing delivery times in regions with high order volumes to improve the "Average Review Score".
2. **Targeted Marketing:** Utilize the customer segmentation insights to create personalized marketing campaigns for VIP customers.
3. **Inventory Management:** Ensure top-performing products are always in stock to maintain revenue growth.
